Project Progress

1. **Which tasks have been completed?**
   Researching and parsing dataset - Done
   Implementing a sentiment analysis algorithm - 50% done
   Creating a website with a video playback and student commenting tool - 50% done
   Integrating the algorithm in the website - 50% done

2. **Which tasks are pending?**
   Training, iterating and fine-tuning - pending
   Creating a website with a video playback and student commenting tool - 50% left
   Integrating the algorithm in the website - 50% left
   Creating the presentation slides and demo

3. **Are you facing any challenges?**
   No unexpected challenges yet. Although I don't have much web experience so I'm learning a lot here :)

4. **Plus anything specifically mentioned in the reviews to cover.**
   Thank you for the reviews, I added the file with more details.
